3050 International Blvd., Oakland | Map [1]

Coming Soon

In partnership with Native American Health Center (NAHC) [2], SAHA will be developing a five-story, mixed-use development for families. NAHC has been serving the community since 1972, and provides medical, dental, behavioral health and social programs to sixteen sites and fifty-three Head Start programs. NAHC currently owns three properties along International Blvd, and with a growing client base and staff, 3050 International will enable NAHC to increase their services. On the ground floor, NAHC will own, manage, and provide a cultural community center, pediatric dental services, Women, Infant, and Children programming, and pediatric and women’s medical services.

76 family units will begin on the second floor and continue to the fifth floor. On the second floor, residents will have access to a community room, outdoor space, large laundry room, and services offices. The housing portion of the development will consist of one-bedrooms,
two-bedrooms, and three-bedrooms, and rents will range from 20% - 60% AMI.
