- Maintains and repairs flashings, roofs, drainage, and irrigation systems, walkways, stairs, stucco, parking surfaces, and similar building components;
- Notifies management concerning the need for major replacement, repairs or additions to the building and collects vendor bids when applicable;
- Works with property manager to implement a preventive maintenance schedule and coordinates larger projects as necessary;
- Inspects and reports on the work quality and performance of external vendors to the manager;
- Maintains supply and equipment inventories and replenishes as needed;
- Assists with maintaining exterior public areas, e.g., parking lot, grounds, etc., by removing debris, sweeping, and washing down sidewalks;
- May sweep, mop, scrub, dust, and vacuum hallways, stairs, office space, and other interior public areas. May also operate equipment necessary to strip and wax floors, and shampoo carpets;
- Serves as on call maintenance staff for assigned region according to schedule; (All maintenance staff are assigned two-week shifts to cover emergencies at the assigned region overnight from 5pm to 6am.)
- Assists other SAHA properties in preparation for major inspections, other regulatory inspections, grand-openings, or when requested;

- Provides guidance, on site or remotely, to other Maintenance Technicians on routine maintenance or small projects;
- Works within various computer systems, including work order and email systems to manage communications tasks, and priorities;
- Other duties as assigned by management.

**Qualifications:**

To perform this job successfully, an individual must be able to perform each duty satisfactorily. Reasonable accommodations may be made to enable individuals with special needs to perform the essential functions.

**Education and/or Experience**

High school degree or general education degree (GED) preferred with three years or more of related experience and/or training or equivalent combination of education and experience.

**Knowledge, Skills and Abilities**

- Knowledge of building maintenance and repair, including the ability to paint well, repair and maintain electrical, roofing, plumbing and HVAC systems, as well as boilers, appliances, and drywall;
- Knowledge of tools and equipment used in building maintenance and how to use them safely and responsibly;
- Must be able to read, write, and speak English to successfully interact with tenants and other employees;
- Ability to type and use a computer. Must be able to use email, and learn our software systems;
- Must be able to handle daily responsibilities and projects with minimal direction;
- Must be reliable in attendance, quality and quantity of work;
- Must have the ability to safely operate equipment where necessary;
- Ability to determine causes of operating failures and apply general rules to specific problems to produce the solution;
- Ability to manage one's own time and coordinate the priorities of work orders and other responsibilities in order to ensure timely completion of required duties;
- Ability to manage one's own tasks and proactively communicate about those tasks with the necessary parties;
- Ability to communicate peer performance assessments when necessary;
- Knowledge of principles and processes for providing customer service. This includes assessment of tenant needs, and professionally explaining repairs and timelines to staff and residents;
- Ability to interpret a variety of instructions furnished in written, oral, diagram, or schedule form.
